# COLOR COMBINATION THEORIES

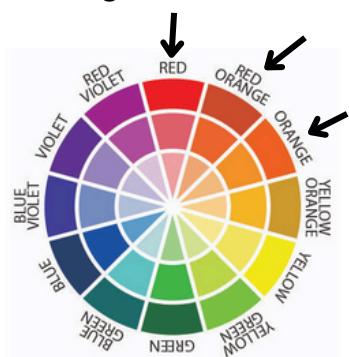

## 1. All Neutrals

## 2. Accent - 1 pop of color

## 3. Analogous colors are hues that are adjacent to (next to) each other on the color wheel.

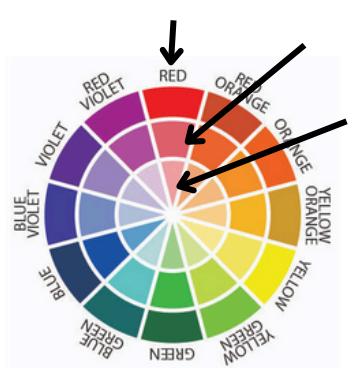

**4. complimentry colors** are hues that are opposite to each other on the color wheel.

**5. tonal color-** from same color family

**6. monotone-** one color and its shade

Any queries on any point, Just share it with us our WhatsApp no. 

## Lets keep in touch

You yes you are the whole reason I got into this line of work. Your transformation is going to be inspiring and need to be shared.

I want to see how this worked for you. Do share your after images with me, not only it brings me joy but also you are inspiring other women to show up as their best, what they deserve.
